

Courses for 6th- to 12th-Grade

On a flexible schedule, students complete courses for credit to get ahead or earn better grades.

Students work one-to-one with experienced Brightmont Academy teachers all the time. Teachers move at the pace and use the instructional methods that best fit each individual's needs. Course curriculum can be tailored to match specific school and district instructional objectives, including new Common Core standards. The following courses are offered for up to 1.0 credit unless otherwise specified. Additional courses may be available. Contact the Campus Director with specific requests.

Advanced Courses

Students who advance more quickly can complete more challenging courses to better prepare them for college and career.

Teachers will create a customized academic program for students to build on their strengths and meet their goals. Students interested in earning college credit can take Advanced Placement® (AP®) or Sophia Pathways® courses. Students interested in specific programs of study, such as health science or business, can complete Career and Technical Education courses. Honors courses are also available in many subjects. The following courses are offered for up to 1.0 high school credit unless otherwise specified. Contact the Campus Director for more information.

Advanced Placement®

AP® Biology
 AP® Calculus AB
 AP® Chemistry
 AP® English Language and Composition

‡ 1.0 High school credit in AZ, CO, MI, and WA, and 0.75 high school credit in MN; equivalent to 3 college credits.

www.BrightmontAcademy.com

Founded in 1999, Brightmont Academy has helped thousands of young people find alternative paths to becoming successful students. Through our full-time private school, individual courses for credit, and tutoring, Brightmont meets the individualized needs of students with learning difficulties and those seeking greater academic challenges. Our curriculum includes 6th- to 12th-grade courses and tutoring for all 3rd- to 12th-grade subjects, including math, science, English and social studies. We also offer test preparation tutoring, Advanced Placement* courses, college credit courses, and summer school opportunities.
