One Teacher, One Student — All The Time

Research-based, one-to-one instruction is at the heart of the Brightmont Academy personalized approach. One teacher works with one student throughout every learning session, customizing each student's instruction, pacing, and schedule while maintaining rigor and meeting grade-level requirements.

Time for Sports and Graduation

Student athletes gain the following benefits by attending Brightmont:

- ▶ Fit academic schedule around skate practice
- ▶ Meet in-person one-to-one with an experienced teacher
- ▶ Maximize ice time, minimize wasted time — attend campus nearby rink
- ▶ Pause curriculum when tournament travel begins

Parent Consultations

We are happy to talk with parents to develop a customized program to fit a student athlete's needs. We will counsel on the courses and schedule that will best balance each player's learning, college, and athletic opportunities.
